

D-one Gold Cup 2018

uyc-wolfgangsee.at

Together with the Austrian D-One Class Association the Union Yacht Club Wolfgangsee will organize the "D-One Goldcup 2018".

It is a great honour for our club to be chosen to hold this Championship!

The Championship will take place from 31st of May to 3rd of June 2018. The Notice of Race can be found online at www.uyc-wolfgangsee.at

A short presentation about the UYC Wolfgangsee and our landscape:

UYC Wolfgangsee (UYC Wg)

The Union Yacht Club Wolfgangsee in St. Gilgen, Austria, founded in 1901, has a long tradition. From the beginning, the UYC Wg has been the home of very successful Austrian sailors, who achieved numerous international awards. Since 1960 sailors from the UYC Wg have regularly taken part in the Olympic Games. Hubert Raudaschl won two Olympic silver medals (Finn dinghy and Starboat) and in 2000 Christoph Sieber got the Olympic gold medal in the Mistral class.

At the moment there are 5 Devoti One in our club (the largest fleet in Austria!), and we are sure all of them will compete in the Gold Cup!

The sailing area

Lake St. Wolfgang: 538m above sea level (1765 ft.), surface area 12,9 km², max. depth 114m (374 ft.), temperature in June about 19 degrees C.

The Lake St. Wolfgang, a lake with drinking-quality water, is a long narrow lake situated within the northern foothills of the Austrian Alps, 30 miles off the Dachstein Massif. There are Austria's hilly lowlands to its north and nearby, at the base of the foothills, there are two other large lakes: the Mondsee and the Attersee. The famous "Brunnwind" (thermic north wind) usually appears at midday. Normally it is a moderate breeze of Force 2-5 Bf. In case there is bad weather (we don't hope), strong winds can get up from the west. Sometimes in the morning and especially in autumn strong southern winds ("Föhn") can prevail.

Infrastructure

There is enough space for all D-Ones in our harbour area. The Club has got all modern facilities, a restaurant with a bar, sanitary facilities (ladies & gents), an office and all necessary communication equipments like Wi-Fi. Parking facilities are available at the club area and next to the club.

Accommodation

Hotels and rooms in all categories, bed and breakfast as well as a youth hostel, are available in walking distance to the UYC Wg. Camping with motorhomes will be possible directly at the club area and a touristic campsite is located in St.Gilgen/Abersee.

Please contact our tourist office: <https://wolgangsee.salzkammergut.at>, they will help you. There are a lot of small accomodations, which you can not find at booking.com.

You have to book your rooms soon, it is difficult in St. Gilgen in summer!

Framework programme

We can help you to organize a framework programme for your family, such as boat trips, visits to museums in St. Gilgen (Mozart's mother's birth house), a local history museum, hiking in our mountains and many more. The fascinating city of Salzburg with its many cultural and shopping facilities is reachable within 30 minutes by car. The city of St. Wolfgang (famous for its old houses, narrow lanes and of course for the operetta „The White Horse Inn at Lake Wolfgang“) is reachable by ferries.

You can reach the “Zwölferhorn” by a cable car, or the “Schafberg” by a cograilway:

Also the famous villages “Hallstatt” and „Bad Ischl“, where the last Austrian Emperor spent his summers, are very close, about 30 min by car:

References

The Union Yacht Club Wolfgangsee also has practical knowledge in the organization and carrying out of many international regattas including World Championships (Tempest WC, Yngling WC, Soling Masters WC, Zoom8 WC), European Championships (such as the Soling Match Race 1997, EC Korsar 2013), District Championship Starboat, National Championships in various boat classes, Youth Championships, and Laser European Cup.

More Information:

If you want some more information, or if you have any questions, please send an email to: office@uyc-wolfgangsee.at

We are looking forward to seeing you in St.Gilgen 2018!
